

Turn information into answers and perform at a higher level by leveraging the right information to do the right things. Our experienced team of BI experts delivers applicable solutions that improve your efficiency and profitability. Synchronize your data with Reporting Services for descriptive, visual analysis & reporting.

Reporting Services

Create reports and dashboards containing a wide variety of chart and gauge formats to distill meaning from extensive business data for effective reporting and even interactive analysis.

Convert your big data into information to aid making strategic decisions.

Our Offerings:

Building business intelligence is just the first step. Providing instant access to that information in an easily readable and understandable format is critical to effective decision support

- Dashboard & Score Cards
 - Metrics Assessment
 - Organization Assessment
 - Technical
- Dashboard Planning and Assembly
- Mobile BI
- BI portal
- Tableau Implementation
- Data Mining
 - Accelerate employee productivity by sharing information anywhere, anytime, with any device
 - Single point of access to information organization - one application that provides all the relevant information produced and stored in different systems
 - Seamlessly integrate Tableau into your environment - You may already have an established BI and analytics platform but are intrigued by what Tableau might be able to add. We have proven experience in integrating Tableau into existing systems.
 - Exploratory Data Mining
 - Analytics Model Management and Scoring

We have the know-how to implement advanced data security and object security so the right people see the right visualizations at the right time. We can deploy a data collection architecture that makes sense. One that scales. One that lasts. One that gives you the answers you need.

REPORTING SERVICES

Testimonials

iBoss has shown and continues to show a willingness to listen to our needs. Very thanks for everything. It is a wonderful team to work with.

– A CRM Client

The continuously changing requirements are incorporated within the given time frame. Even the last minute changes are taken care of. The development and delivery were as smooth as it never was with my past partners. Everything was very much above expectation.

- A leading provider of service plan solutions for retailers, telecommunications providers

Working with iBoss was an amazing experience. They really helped us work through problems in a way that allowed us to understand and learn more about getting the most out of the property management application. Response time was great and they really connect with their clients.

– A Real Estate Client

iBoss Tech Solutions is a quality oriented service provider of advanced technology, and established processes in a structured and innovative way to achieve desired results through its innovative solutions and services.

– Leading Auto Insurance Provider
